The enclosed material is from the main investigative file(s) in which the subject of your request is indexed. The subject of your request may also be indexed in files relating to other individuals, organizations, activities, or general topics. These additional mentions or references have not been reviewed to determine if, in fact, they are identifiable with the subject of your request. Our experience has shown that such references are frequently similar to information contained in the processed main file(s). We will process these references if you now make a specific request for them. However, because of a significant increase in FOIPA requests and an expanding backlog, we have given priority to the processing of main investigative files and can complete the processing of these additional references only as time and resources permit. Therefore, if you do decide to request these references, we will not be able to process them any time in the foreseeable future.

In addition to processing FBI Headquarters files, our Washington and New York Field Office files were also processed and are enclosed.

To minimize costs to both you and the FBI, extra file copies of the same document were not processed.
